Whaia te tihi • Aim for the top

Footloose

On Saturday the 27th of June, the Footloose production auditions were held. Anybody who wanted to take part in the production could audition and have a chance to play a role. To audition, you had to dance, sing and act to make sure the right person was found for each part. Call backs were held on the last Thursday and Friday of Term 2 for the people who may be right for the roles.

I interviewed Emeliah from Rm 14, who auditioned and this is what she had to say...

Why do you want to take part in the production?: "Because it might be fun and it is something I have never done before"

Was it a fun experience or was it quite serious?: "It was fun but I was quite nervous"

How did the auditions work?:

"So we walked into the room and first I sang something and one of the teachers played the piano for me to sing with. Then we ran some lines from the production and then I did a dance."

Practices are now underway for what we are sure will be a great production.

Developing Green Fingers

Every term, one student from each class can volunteer to be selected to join the green team. A group of 13 students will learn about the environment and grow their own vegetables. Last term they started working on growing a vegetable garden behind the food tech classroom. This will be convenient for people in food tech as the students will be able to use fresh ingredients from the school garden.

This term the green team is hoping to get a green house up and running. This will enable them to grow their own plants from seeds, learning about how the plants grow over time.

September

Supersport Basketball-

Wednesday 9th September

Supersport Crosscountry-

Wednesday 16th September

Te Apiti Exchange - Thursday 17th

September

Term 3 ends- Friday 25th

September

Canoe Polo

Canoe polo is played by two teams of five players on a rectangular 'playing pitch' that can be in open water or in a swimming pool. Matches are played over two halves of 10 minutes with the aim to score into a goal which is suspended above the water at the end of the pool. The ball in canoe polo can be controlled by hand or by paddle.

FIS has three teams in the competition (Man Over Board, Buccaneers and Pirates), which takes place at either Makino or Freyberg Pools on Thursday evenings. We are only a few weeks into the competition with some wins and losses, so there is some work to do but the season is looking promising.

Supersport

So far, our school has been involved in two Supersport competitions- netball and chess. We have had some great results with the Year 8 netball team taking out first place and the year 7s showing they have a lot of potential. In chess, our A team came second place and the B team also showed a lot of potential.

There are about 5 more Supersport events yet to take place this term; we look forward to seeing how well the remaining teams do.

Our New Van Has Arrived!

What a great asset this van is and it's already getting a lot of use. Once again, thank you to everyone that contributed to our fundraising efforts over the past few years. Tu meke!
